Thank You and Wishing You the Best in 2021

As 2020 ends, the Partner Management Team thanks you for your continued partnership in this very challenging year. We hope you are able to relax and share time with family and friends in the coming weeks. We look forward to working together in 2021 – via phone and computer technology, and hopefully in person before too long!

Best Wishes for You and Your Families.

Sincerely,

Your Partner Management Team

Chuck Cashman

What's new at CUNA Mutual Group

The Credit Union Trends Report and Economic Report provide a review and analysis of recent credit union financial performance and operational results in the context of recent economic activity. [Learn more.](#)

CUNA Mutual Group Announces New Integration Solutions with TCI DecisionLender 4

CUNA Mutual Group and TCI, now a part of MeridianLink, have partnered to build two solutions to help Credit Unions streamline their Lending Processes, protect more members and write more profitable secured loans. Coming in 2021, Credit Unions will be able to use Protection Advisor Expert (PAX), integrated with DecisionLender 4 to aid in the sale of Payment Protection, Guaranteed Asset Protection (GAP) and Mechanical Repair Coverage (MRC) products. The solution will seamlessly log the Lender into their PAX Transaction and eliminate all rekeying of data between our PAX system and the DecisionLender 4 Loan Origination System.

Also coming in 2021, Credit Unions will be able to request Auto Insurance quotes for their members by using QuoteConnect. CUNA Mutual Group and TCI DecisionLender 4 are partnering to bring this connection to their mutual Credit Union clients. By simply answering a few questions during the loan origination process, Credit Union members will receive an Auto Insurance quote from TruStage.

If you have any questions, [use this form](#) to contact our department.

CUNA Mutual Group and CU*Answers Partner to Bring loanliner.com Connectivity to CU*Answers Loan Origination System Users

CUNA Mutual Group and CU*Answers have just completed building an integration solution that shares loanliner.com online and mobile loan application data with CU*Answers. The connection takes data from loanliner.com loan applications and sends it to

CU*Answers, landing the loan data into a loan processing queue. If the CU*Answers Loan Origination System credit union utilizes an auto-decisioning engine, the loan applications will be underwritten automatically and a response will be sent back to the borrower on the device from which they applied.

If you are interested in adding any CUNA Mutual Group connectivity solutions to help your Credit Union clients streamline their processes, contact [Dan Fandrey](#) or 800.356.2644 ext. 665.7237.
